

All Is Lost

Where To Turn Next?

I couldn't believe what I had done! Before I knew what was happening, I was alone. I finally figured out who had killed her, but it was too late. Tell me what I need to do to stop him! We had better figured out what is going on. I would do anything to have her back! Tell me what I need to do to stop him!

I'm nothing like him, I am trying to help. I couldn't believe what I had done! I tried to move on and forget what happened, but it wasn't that simple. Before I could turn him in, he struck his next victim. He is going to hurt someone else if we don't stop him! Before I knew what was happening, I was alone.

Get out!! Get out!! She fell, and there was nothing we could do about it. If you aren't going to help, you should leave. He is going to hurt someone else if we don't stop him! I just saw him! I vowed to never give up till I found the man who killed her.

Turn around and open your eyes. My friends and I came together to try and solve this murder, once and for all. I'll give you what you want! My friends and I came together to try and solve this murder, once and for all. Turn around and open your eyes. It won't be easy. Don't worry, it won't happen again! I just saw him! My friends and I came together to try and solve this murder, once and for all. Tell me what I need to do to stop him!

Get out!! He is going to hurt someone else if we don't stop him! She's missing and it's like you don't even care! Get out!! Before I knew what was happening, I was alone. I wanted you to be the first to know. I'll give you what you want! Don't be angry, it won't help you. Turn around and open your eyes.

I vowed to never give up till I found the man who killed her. Before I knew what was happening, I was alone. Get out!! Turn around and open your eyes. If you aren't going to help, you should leave. I finally figured out who had killed her, but it was too late. She's missing and it's like you don't even care! I just saw him! I would do anything to have her back!
